

Healthy Indiana Plan

MDwise, an Indiana based health plan, provides a full scope of health coverage to low income, uninsured Hoosiers. MDwise invites providers of all specialties to join our statewide Healthy Indiana Plan network which began January 1, 2008. The Healthy Indiana Plan is designed by the State of Indiana to offer a basic health insurance benefit plan, subject to individual contributions, and paired with a personal health account referred to as a POWER Account to Hoosiers without access to employer sponsored health insurance.

About MDwise

- MDwise has more than 14 years of government expertise in health care.
- MDwise has access to 1,400 Primary Medical Providers and 8,000 other providers statewide. We invite you to consider signing a contract with our plan to provide services to low income Hoosiers without access to employer sponsored health insurance.
- Our focus will assist the state's initiatives of promoting preventive care, and healthy lifestyles while encouraging participants to be value conscious consumers of health care to help promote price and quality transparency.

Plan Benefit for Providers

- MDwise will provide a comprehensive staff of experts that will get to know you and your office staff and solve your concerns in a timely manner; so participation in our program is easy and hassle free.
- Focused on education, member interactive programs (such as diabetes management, smoking cessation, asthma control, weight loss programs, and wellness programs) designed to support members in the Healthy Indiana Plan who can benefit from these programs.
- Streamlined and quick prior authorization (PA) process—via phone or fax—that results in timely PA determinations for your practice.
- Initial and ongoing information workshops to support the primary medical providers and specialists enrolled in the HIP program.
- A comprehensive Web accessible MDwise Provider Manual and information on our PA guidelines.

- MDwise will reimburse the provider of service at the current Medicare rates, or 130% of Medicaid rates if the service does not have a Medicare reimbursement rate.

Plan Benefit for Member

- POWER Account administered by MDwise. The POWER Account will be jointly funded by the participant and by State based on income and is initially funded at \$1,100.
- We will offer the member "first dollar" coverage of preventive services.
- We will ask the participant to choose a primary care provider to establish a "medical home" for continuity of care.
- We will offer at minimum, the following services:
 - o Mental Health Care Service
 - o Inpatient Hospital Coverage
 - o Prescription Drug Coverage
 - o Emergency Room Service
 - o Physician Office Services
 - o Diagnostic Services
 - o Outpatient Services
 - o Comprehensive Disease Management
 - o Home Health Services, including case management
 - o Urgent Care Center Services
 - o Preventive Care Services
 - o Family Planning services
 - o Hospice Services
 - o Substance Abuse Services

Providers can obtain the MDwise provider contract at MDwise.org or contact Provider Relations at 1-800-356-1204 or 317-630-2831.

MDwise appreciates your support and looks forward to partnering with you in this new program to improve the health and well-being of Hoosiers across the state of Indiana. For questions about the overall program, please call 1-800-GET-HIP9 or visit www.HIP.in.gov.
