How do I get my medicine?

When you or your child need medicine or over-the-counter items, your doctor will write a prescription. You can take that prescription to the pharmacy.

Your doctor can explain how to take medication that he/she prescribes for you. Depending on what HIP plan you are on, you may have copays for your prescriptions.

If you have questions about or a problem getting your medicine filled at the pharmacy, you can call **1-844-336-2677**. Choose option 2, then, using the keypad on your phone, enter your member ID number as it appears on your member ID card.

If you need help finding a pharmacy, call MDwise customer service at **1-800-356-1204**.
