

## Preventive Health Guidelines for: **Adult Health Supervision**

### OBJECTIVE

---

Define the health supervision and immunization schedule for adults.

### GUIDELINE

---

Clinical preventive services for adults will be performed in accordance with the Agency for Healthcare Research and Quality (AHRQ) U.S. Preventive Services Task Force (USPSTF) Guide to Clinical Preventative Services 2014.

<http://www.ahrq.gov/professionals/clinicians-providers/guidelines-recommendations/guide/index.html>

Immunizations for adults will be performed in accordance with the Centers for Disease Control and Prevention "Recommended Adult Immunization Schedule – United States."

<https://www.cdc.gov/vaccines/schedules/hcp/imz/adult.html>

Guidelines are included in the MDwise Provider Manual and posted on the MDwise website. They are available individually as requested.

### MEASUREMENT AND GUIDELINE PERFORMANCE

---

MDwise uses HEDIS methodology to evaluate the following specific prevention and screening measures.

- Adult BMI
- Breast Cancer Screening
- Cervical Cancer Screening
- Colorectal Cancer Screening
- Chlamydia Screening for Women
- Flu Shots for Adults Ages 50-64 (through CAHPS Survey)
