## **The Rise children to get holiday totes**

Herald-Times  
December 20, 2011

Middle Way House/The Rise will receive Night Night Totes filled with stuffed animals, blankets and books for children there from MDwise, a not-for-profit managed health care organization serving those on the state's Hoosier Healthwise, Healthy Indiana Plan and Care Select health coverage programs.

MDwise purchased the totes through Project Night Night, an organization dedicated to improving the lives of homeless children by providing them with childhood essentials to feel secure, cozy, significant and ready to learn — and asked staff members to donate the stuffed animals, blankets and books to fill them. MDwise then assembled the Night Night packages and its staff will deliver the totes Dec. 23.
